3,184 FLEE AS RIOTERS INVADE SCHOOL

BROOKLYN SCHOOL MOBBED; 2,000 RIOTERS ROUT PUPILS; THREE POLICEMEN INJURED

Stone Crashes Into Kindergarten Class—Believed to Have Been Thrown by Man.

STRIKE ORIGIN INQUIRY

President Willcox Asks Commissioner Woods to Protect Thirty-Two Institutions.

Two thousand screaming women and children, urged on by a few men, rioted this morning in and around Public School No. 175, at Blake and Hopkinson Avenues, in Brooklyn.

They attacked two busloads of policemen, sent two patrolmen to St. Mary's Hospital with broken legs, cut open the head of a third policeman with an iron bolt, smashed many windows of the school building, took possession of it, and triumphantly led away the 3,184 pupils.

Many women were slightly hurt by mis-thrown stones and broken glass, and some children were bruised. A large stone crashed through a fourth floor window and fell in the midst of a kindergarten class, but did not hit any of the children. The police believe no schoolboy could have thrown that stone so high. They think it must have been a man.

This was by all odds the most serious of all the Gary school riots that have spread from Manhattan to the Bronx and from the Bronx to Brooklyn.

POLICE PROTECTION ASKED FOR THIRTY-TWO SCHOOLS.

The situation has become so grave that President William G. Willcox, of the Board of Education, has asked special police protection for thirty-two schools—five in Manhattan, twelve in the Bronx and fifteen in Brooklyn. At the same time a vigorous investigation has been started to prove or disprove that the riots are incited by politicians.

A Democratic street meeting was held last night at Claremont Parkway and Washington Avenue. Across the street at the same time there was a big meeting of school children and their parents. Speakers at the Democratic meeting bitterly denounced the Gary system, and were eagerly listened to by boy orators, who memorized the hottest invectives, and then relayed them to their own audience. After that meeting a crowd of boys went to Public Schools No. 42 and 55 and broke the windows with bricks and stones.

The school and police authorities decided to take drastic action under the penal laws to quell the riot at its source—which is, they believe, the parents. The home of every truant child will be visited and the parents will be warned. The minimum fine for every parent who seeks to violate the compulsory education law is \$25. Parents who defy the warnings will be summoned to court forthwith.

The Brooklyn riot began when the bell rang. The pupils, at first refusing to enter the building, were driven in by the police. A group of mothers began screaming, and in a few minutes 500 women were gathered about the doors.

"OUR CHILDREN: OUR CHILDREN!" CRY INVADERS.

They made a concerted rush for the entrance and swarmed into the building. At the same time other crowds gathered and began stoning windows.

CITY ACTS IN SUGAR FAMINE TO ASSURE RATIONS FOR ALL

Economy Urged to Tide New York Over Till New Supply Arrives.

In an effort to save New York from a sugar famine, Mayor Mitchell directed Market Commissioner Moskowitz to call a conference this afternoon of representatives of refiners, to be followed by a meeting of wholesalers and retailers. The object is to find some co-operative way of apportioning the scant supply of sugar available for the next six weeks, so that every family may have a little and the price be kept down.

The largest wholesale grocery house in the city, in fact the largest in the country, informed the Commissioner that it had no more sugar left in its warehouses to sell to any one.

At least one-half the small groceries are without sugar and the remainder have but a few days' supply left.

The Federal Food Administration has already asked control over the refining end of the industry, fixed prices both for purchase of raw sugar and sale of refined, and is hastily endeavoring to alleviate the sharp famine that has suddenly smitten the country.

But the supply of raw sugar has run out, excepting for the 300,000 tons still held in Cuba. Most of the American refineries have closed or are working only on part time. Until the new crops of beets from the West and cane from Louisiana and Cuba come into the market, during November and December, there will be six weeks of severe stringency.

That economy is the keynote to the sugar situation is agreed by all experts and those closest in touch with conditions. The sugar expert of "Facts About Sugar," an authority in the trade, says that the scarcity of sugar is nowhere near as alarming as some reporters made it this morning. "If consumers keep a cool head," he says, "and only buy a small amount at a time, we will be able to tide over the situation until the crop comes along in about six weeks."

The present shortage is due to the falling off of 500,000 tons in the estimate of the Cuban crop. This is due to the revolutionists destroying nearly 750,000 tons of cane last spring.

Some of the refineries in and near New York are working only half time in consequence of the short supply and others have shut down. Large shipments to the Allies and to our own armies have helped to make the shortage. Economy in the use of sugar for the next six weeks will solve the problem. Then the new crops from Louisiana and the West will arrive.

James H. Post, Chairman of the American Refiners' Committee of the Federal Food Administration, has issued a statement urging strict economy. He says:

"It is not a question of price. The necessary sugar is not available. We must simply reduce. Any dealer who tries to exact high prices because of the scarcity is not patriotic and deserves public censure. Be patriotic in this situation and share in the temporary stringency for the next four to six weeks, when we hope a new crop will arrive from the West and the South to supply the normal demand."

Largest Sugar Refining Plant in South to Close.

SAVANNAH, Oct. 19.—The largest sugar refining plant in the South, the new Savannah Sugar Refining Corporation plant at Port Wentworth, will shut down tonight, entailing inability to obtain raw sugar from either Cuba or Louisiana. It was announced today. No shipments are in sight until December, it was stated.

\$1,750,000,000 SUBSCRIBED TO SECOND LIBERTY LOAN; TOTAL HERE \$590,419,250

Treasury Officials Certain Nation's \$5,000,000,000 Goal Will Be Reached.

N. Y. ADDS \$45,000,000.

\$600,000,000 Mark Expected to Be Reached in District by Night.

WASHINGTON, Oct. 19.—The Liberty Loan campaign continued its gains to-day and Treasury officials announced that many estimates place the total so far subscribed at above \$1,750,000,000, and within striking distance of the \$2,000,000,000 hoped for by Saturday night.

Unofficial figures made public by the Department show that a minimum of \$1,535,000,000 had been subscribed up to the close of business Wednesday night. Officials were optimistic that the \$5,000,000,000 mark would be attained by the close of the campaign, Oct. 27.

"More than \$2,000,000,000 in subscriptions by Saturday night," to-day's announcement says, "is the rallying cry to Liberty Loan workers being echoed from coast to coast. Revelation that the combined totals of all districts are within striking distance of this mark have given new courage to local committees and renewed their determination to attain the maximum of \$5,000,000,000 by the close of the campaign, Oct. 27."

"Many estimates placed the total for the country to-day at above \$1,750,000,000. It may not have reached that point, but it certainly is well above \$1,500,000,000. A carefully compiled total, based on conservative estimates of sales officially and unofficially reported, shows that a minimally reported, \$1,535,000,000 has been established. Here are the unofficial figures."

\$600,000,000 IN SIGHT FOR WAR LOAN HERE BY END OF THE DAY

\$45,000,000 Added Since Yesterday Sends New York District's Total to \$590,419,250.

New subscriptions aggregating \$45,000,000 brought the total of the New York district purchase of Liberty Loan bonds up to \$590,419,250 to-day, all signs indicating that the \$600,000,000 mark would be reached before nightfall. The speed at which the campaign for the nation's second

GIRLS FAINT AT LAUDER'S BOND RALLY IN WALL ST.

Three Victims of Crush Taken Into Morgan's Bank for Medical Aid.

With Harry Lauder, the Scotch comedian, and a baggage band as the attraction, a meeting to boost the Liberty Loan at Wall and Broad Streets at noon today tied up the whole financial district and did more to accelerate the bond selling movement than any similar affair that has been held. Lauder sang songs, told stories and sold bonds, and those in charge of the meeting state that he obtained \$2,000 in \$50 and \$100 subscriptions.

A crowd of 20,000 persons gathered, according to police estimates. Three girls fainted in the crowd and were taken into the banking house of J. P. Morgan & Co., where they were treated by ambulance surgeons from the Volunteer and Broad Street Hospitals.

The girls were sent to their homes when they were revived. All traffic in Broad, Wall and Nassau Streets between Broadway and William Street and Exchange Place and Pine Street was suspended for an hour.

RIEGELMANN WINS BY 802 DESPITE GAINS BY COLER

Recount of Primary Vote for Brooklyn Borough President Fails to Change Result.

The recount of the votes cast in the primary for the nomination of a candidate for Borough President of Brooklyn was completed to-day. Elmer B. Coler, established in the recount a net gain of 422 votes, but Edward Riegelmann, his opponent, remains the nominee. The total vote as recorded by the recount was: Riegelmann, 21,436; Coler, 20,634. Riegelmann's majority is 802 votes. Coler's gross gain in the recount was 417 votes, but mistakes in favor of Coler and against Riegelmann gave the latter a gross gain of 385 votes.

ADmits U BOATS CAN NEVER DEFEAT BRITAIN

Deputy Declares They Have Even Failed to Save Germany Another Winter of War.

AMSTERDAM, Oct. 19.—Dr. David, the Socialist Deputy, speaking at the Wuerzburg conference, said:

"Our U boats have not protected us against a fourth winter of war. They will not in a few months or even one or two years, force England to peace, as the Pan-Germans say they will do. We uttered warning against an unrestricted U boat campaign. The consequences of it have come to pass, and now this campaign must be pursued with all our strength. But military pressure alone will not bring peace."

Boy Scouts, Grocers, Co-Eds. and Railroad Helping to Win War

DETROIT, Oct. 19.—Buy a Liberty Bond or you can't buy sugar. This is the motto to-day of the manager of a string of Detroit grocery stores. More than \$10,000 worth of bonds already have been sold in this way.

ST. PAUL, Oct. 19.—The Boy Scouts of this city have issued a challenge to Scouts in other cities for a Liberty Loan raising contest. A championship banner is offered by President Wilson.

EVANSTON, Ill., Oct. 19.—Co-Eds at Northwestern University have abolished fudge parties and ice-cream socials to save the sugar supply and help win the war.

SCRANTON, Pa., Oct. 19.—The Delaware & Hudson Railroad Company is doing its bit by offering potatoes, raised on its own farms, to its 9,000 employees at \$1.29 a bushel, 75 cents a bushel cheaper than local dealers are asking.

HOGS ON THE TOBOGGAN, BUT HOOVER SPOILS IT

Food Dictator Denies Prices Will Be Fixed Just as Rumor to That Effect Sent Them Down.

LOUISVILLE, Ky., Oct. 19.—A statement widely circulated that the Federal Food Administration intended to fix the price of hogs at \$10 per hundred as compared with former higher prices, brought a flood of hogs to this market, forced the price down \$1.05 in two days, and culminated to-day in a denial by Herbert Hoover that live stock price fixing was contemplated.

Mr. Hoover's denial, addressed to all Federal Food Administrators, asserts the statement with reference to alleged price fixing, first appeared in Chicago papers.

"They are absolutely untrue," Mr. Hoover declares. "All our power will be used to keep prices at which Allied and Governmental purchases are made, on a plane that gives an assured return of cost and profit to producers of meat animals."

"In our opinion the best market obtainable for the present crop of pork in the country will be through live stock. We need increased production of beef and pork, and the only way to secure this increase will be by profit on product."

PALMER TO ADMINISTER TRADE WITH ENEMY ACT

Former Representative from Pennsylvania Named Allen Property Custodian.

WASHINGTON, Oct. 19.—A. Mitchell Palmer, of Strongburg, Pa., former Representative in Congress, was today appointed Allen Property Custodian, under the trading with the enemy law.

The Allen Property Custodian will act as Trustee for all enemy property within the United States or issue licenses exempting enemy citizens from his supervision.

Mr. Palmer, until his retirement from Congress, was one of the Administration spokesmen in the House. He was Wilson's choice for Secretary of War in his first Cabinet, but declined it because he is a Quaker.

MAYO AT WHITE HOUSE.

Admiral Reports to Wilson on Naval Conference in London.

WASHINGTON, Oct. 19.—Admiral Mayo, commander of the Atlantic Fleet, who has just returned from the Allied Naval Conference in London, went to the White House to-day, accompanied by Secretary Daniels, to make his personal report to President Wilson.

The Admiral went ahead at the President's personal direction to discuss further means of naval cooperation with the Allied fleets.

LUFBERY WINS HIS 13TH BATTLE 5,000 YARDS IN AIR

Engages Enemy Directly Above Trenches and Kills Pilot at First Shot.

HEADQUARTERS OF THE LAFAYETTE ESCADRILLE ON THE FRENCH FRONT, Oct. 19.—Lieutenant Raoul Lufbery, of Wallingford, Conn., member of the Lafayette Escadrille, fought the latest fight, in which he brought down a German machine (reported yesterday as his thirteenth), at an altitude of 5,000 yards and directly over the trenches.

When it was first seen by Lieutenant Lufbery, the German airplane was several hundred yards above him, but by making a wide detour and climbing at a sharp angle the American was able to make a near approach to the German biplane before being discovered. The German pilot was killed at the first burst of fire from Lufbery's machine gun and the enemy machine started falling.

The plucky German machine gunner returned the fire despite the fact that his own death was imminent. One bullet from the German machine gun punctured the radiator and lodged in the carburetor of Lufbery's monoplane, so that he was compelled to land immediately.

Except for the fact that a strong wind has been blowing in the direction of the German lines, the weather of the past few days has been ideal for flying, and the members of the Lafayette squadron have been busily engaged. While on a low patrol, protecting a photographic machine, Sergeant Walter Lovell of Boston was attacked three times and his machine badly shot up by machine gun bullets.

HENS LAY PATRIOTICALLY, BUT EGG MEN FACE RUIN

Speculators Put Too Many in Storage and Now Stand to Lose Millions of Dollars.

CHICAGO, Oct. 19.—Great interest was felt here in the meeting of representatives of various egg boards to interest the Government in a surplus of eggs on which holders are said to face a loss.

There are now enough eggs in storage to give one egg to each person on every sixth day for the next six months.

Although here were reported laying patriotically during the summer, prices remained at or over the high level of the winter, and this at the time was said to be due to the heavy supplies going into storage. It is now said that the storage end was overdone and that unless the Government makes eggs a ration the speculators in the aggregate will lose millions of dollars.

PETROGRAD, Oct. 19.—The Government has definitely determined to move to Moscow in the very near future.

Premier Kerensky returned today from Grand Headquarters, recovered from his recent attack of influenza, and presided at a council of his Ministers.

The Germans on Wednesday began to land troops on Dago Island, south of the entrance to the Gulf of Finland.

The newspapers publish an official announcement that the evacuation of the fortified port of Reval, on the Baltic, at the entrance to the Gulf of Finland, has begun.

The schools at Reval have been closed. The inhabitants of the city are being sent to the interior of Russia.

Announcement that the Government will move to Moscow was made today by M. Kishkin, Minister of Public Welfare.

In the naval battle of Wednesday, in which the Russian battleship Slava was sunk, two German trawlers were sent to the bottom and hits were obtained by Russian battleships on German dreadnoughts. The statement says ten enemy dreadnoughts of the newest Kaiser and Koenig types took part in this battle.

Two German torpedo boats were sunk in the minefields in Moon Sound yesterday, the War Office announces.

The sailors of the main Baltic Fleet are reported to be keen to fight. The men at Kronstadt are demanding that the ships be sent out to meet the Germans, but the Government is understood to have taken the position that as the enemy forces are of superior size it would be disastrous to leave Petrograd undefended.

The withdrawal of Russian forces from the naval depot has been made necessary by operations of Germany's great fleet in the Gulf of Riga and threatening a further naval campaign against the Gulf of Finland.

Evacuation of Reval would appear to indicate even greater menace to Russia by the German Baltic sea fleet than its victories so far reported have indicated. Reval is the first of the naval bases which a fleet, intent on penetrating the Gulf of Finland, would encounter. It is 200 miles from Petrograd.

Three great stations command the Gulf of Finland for Russia and constitute defenses to Petrograd—Reval, Viborg and Cronstadt. Heligoland is likewise an important base.

Berlin Claims Capture of 5,000 Russians on Moon Island.

BERLIN, Oct. 19 (via London).—Two Russian infantry regiments, totaling 5,000 men were captured on Moon Island, in the Gulf of Riga, it is announced officially. The island is now completely in possession of the Germans.

London Paper Criticizes Navy for Inaction Against Germans.

LONDON, Oct. 19.—The Daily Mail condemns what it calls the failure of the British fleet to prevent the German fleet from becoming master of the Gulf of Riga and demands that the admiralty make an explanation of this humiliating display in the Baltic.
